PARADISE-SONOMA

CONSERVATION DISTRICT

ANNUAL WORK PLAN & PROPOSED BUDGET

2015-2016

HUMBOLDT COUNTY, NV
Annual Work Plan
Paradise-Sonoma Conservation District
2015-2016

Introduction

The Paradise-Sonoma Conservation District covers the eastern part of Humboldt County. There are about 2,313,640 acres in the district consisting of about 582,640 acres of private land and 1,731,000 acres of public land administered by the U.S. Forest Service (270,000 acres) and Bureau of Land Management. About 70 percent of the private lands are used to produce irrigated crops such as barley, oats, wheat, alfalfa, grass hay, and improved pasture (247,493 acres). The remaining private land is used for livestock grazing (railroad leases). The average size of the farms and ranches in the district is 2,500 acres. Public lands are used primarily for livestock grazing and recreation. Industrial use of lands in the district consists of several medium sized hard rock mining ventures.

District Board of Supervisors

The Paradise-Sonoma Conservation District Board of Supervisors consists of Joe Sicking (Chairman), Tom Cassinelli (Vice Chairman), Rick Graham (Treasurer), Pete Ferraro (Supervisor), Will Hall (Supervisor), City of Winnemucca Representative Ken Tipton (Supervisor), and Humboldt County Commissioner Representative Marlene Brissenden (Supervisor).

District Objectives

The supervisors have objectives that are designed to provide quality service to district cooperators interested in developing conservation programs for their farms and ranches. Cooperating units of government, primarily the Natural Resources Conservation Services (NRCS), will provide most of these services. Specific objectives are as follows.

The district board wants to ensure that every cooperator with highly erodible lands and potential wetlands has a conservation plan and is in compliance with provisions of 1985, 1990, 1996, 2002, 2008, and 2014 Farm Bills to remain eligible for USDA program benefits. The district will work with affected cooperators, the U.S. Army Corp of Engineers, NRCS, and other conservation partners to ensure that (1) cooperators understand criteria that determine highly erodible lands and wetlands; (2) that assistance is available for wetlands certification; (3) historical farming practices are considered in the wetland determination process; (4) conservation plans address use and management of highly erodible land and wetlands; and (5)
resource concerns are identified and resource problems are solved with new USDA programs such as EQIP.

**Objective 2: Noxious Weeds**

The district board supports the Paradise Valley Weed District in their efforts to eradicate noxious weeds.

**Objective 3: Riparian-Watershed Improvement**

The district board, in partnership with the Bureau of Land Management, will provide a rock source for stabilization of stream beds and stream banks in the district.

**Objective 4: Environmental Information and Education**

The district board will sponsor (and fund) the annual Ecology Days for fourth grade students in Humboldt County. The board will also sponsor (and fund) up to three youth at the Nevada Section, Society for Range Management, Youth Range Camp, and participate with Ag in the Class Room.

**Objective 5: Equipment Program**

The district board will continue to offer equipment, manure spreader, no-till drill, front-end loader, Brillion seeder, brush beater, and grader to district cooperators for conservation uses. Davy Kern is the equipment manager.

**Objective 6: Support Grazing Land Conservation Initiative (GLCI)**

The district board will provide information to cooperators about the “Conservation of Private Grazing Land” section of the 2008 Farm Bill and GLCI. The district board, cooperators, and NRCS will identify private rangelands needing improvement and the types of improvement needed.

**Objective 7: The Sagebrush Ecosystem Project**

The district Board will support the Santa Rosa Population Management Unit: Restoration and Rehabilitation Project by obtaining grants and doing different projects.
Legislative Affairs
The board will request information on legislative affairs of concern to the district from the Conservation District Program Specialist.

Approved

Date

5-11-2015
Paradise-Sonoma Conservation District
Humboldt County, Nevada
Budget
Year Ended: June 2016

RECEIPTS:
State Appropriations 3,630.00
County Appropriations 0
Savings- Equipment 10,000.00
Rental Receipts 15,000.00
