PERSON DONATING TIME

HOURLY RATE BASED ON -

A person donating his time to a project will be paid as a general laborer unless he is professionally skilled in the work he is performing on the project (i.e., plumber doing work on pipes, mason doing work on a brick building, etc.). When this is the case, the wage rate this individual is normally paid for performing his service may be charged to the project. A general laborer's wages may be charged at the rate which the city or county in the immediate area pays its employees for performing similar duties.
