**Public comment period open for New Cingular Wireless
Air Permit**

CARSON CITY, NV – The Nevada Division of Environmental Protection – Bureau of Air Pollution Control (BAPC) has entered the public notice period for the new Cingular Wireless dba AT&T Mobility (Cingular) new Class II Air Quality Operating Permit (AQOP) AP4812-3852.

The public comment period is from November 9, 2017 to December 11, 2017.

The BAPC has reviewed the application and has made a preliminary determination to issue the a new permit for a 74 horsepower propane fired generator providing power to a cell communication tower located in Lincoln County, approximately 5.25 miles west of Alamo, Nevada. The proposed project will not cause or contribute to a violation of any federal or State of Nevada air quality standards.
